

## YIP STICK INSTRUCTIONS

### The Propellor Spins Both Ways !!

Hold the handle end of the Stick comfortably but lightly keeping the Stick level.

Hold a sharpie or thicker plastic pen in your free hand as shown.

Lower your forefinger onto the Stick and apply some horizontal pressure by lightly pulling into the green area.

Now lightly move the sharpie back and forth across the ridges.

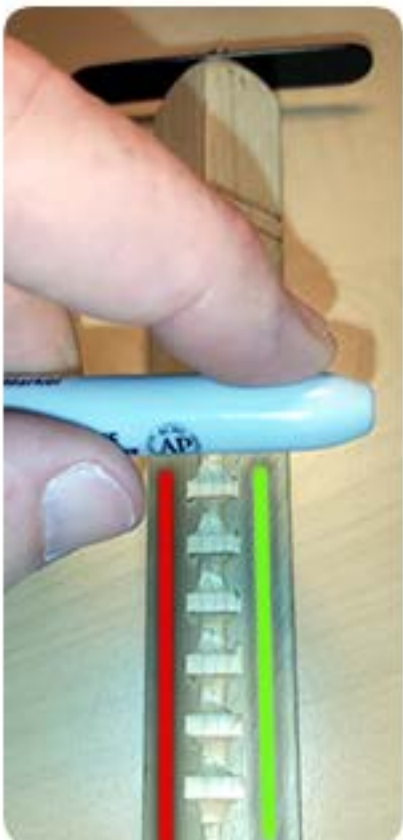

Reverse the spin by lifting your finger off the green area and lowering your thumb and lightly pushing into the red area.
